

Is the Future Female? Education and Examination Success

Source: Kirby et al (1997:301) *Sociology in Perspective*

What is the consensus view of the nature of the problem?	
What has happened in the job market to male and female employment?	
How may concepts of masculinity affect relative levels of success? Name a writer.	
Which subjects are 'masculine'? What impact does this have on future earning potential?	
Are gender differentials in attainment equal across classes and ethnic groups?	
Why does Spender favour single sex schools?	
Provide a feminist argument in favour of mixed gender education.	
Byrne talked of an 'aggregation of inequality'. What is this?	
Martineau, and Delamont both talk of the semiotics of school uniform. What do they mean?
