

# Why do we need laws?

## Wordframe for Essay

|  |   |
|--|---|
| What sorts of rules do we have for society?                      | Norms, values and mores                     |
| Do we all share the same norms and values?                       | Think of people who do not share your views |
| What are laws?   | Rules made by society?                      |
| To protect weaker people   | Examples                                    |
| To stop people doing just what they want.                        | Examples                                    |
| We know where we stand if we do things                           | Examples                                    |
| Because people have responsibilities to all of society           | Examples                                    |
| What would society be like without rules and laws for all of us? |   |
