

# Year 7 Progress Evening 2009-10 Parental Questionnaire

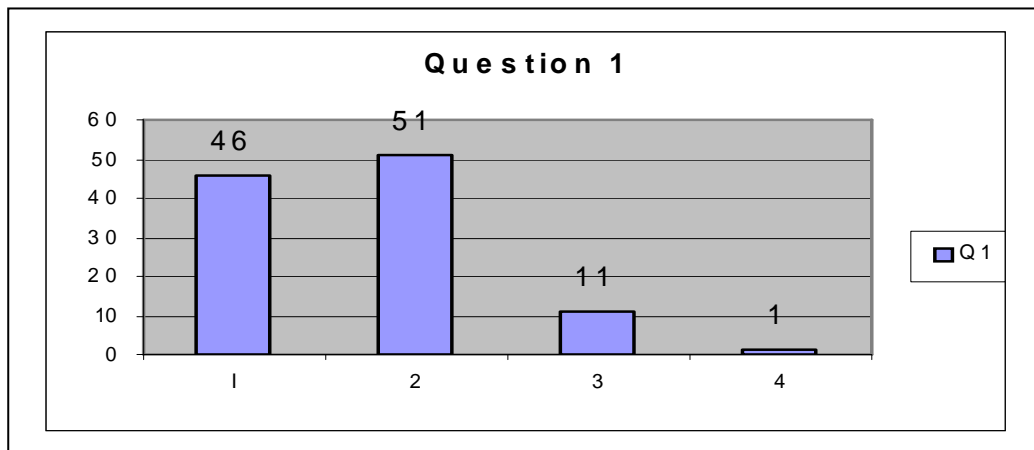

A total of 110 questionnaires were returned at the end of the evening and 28 parents took the time to write in the 'Any comments' section.

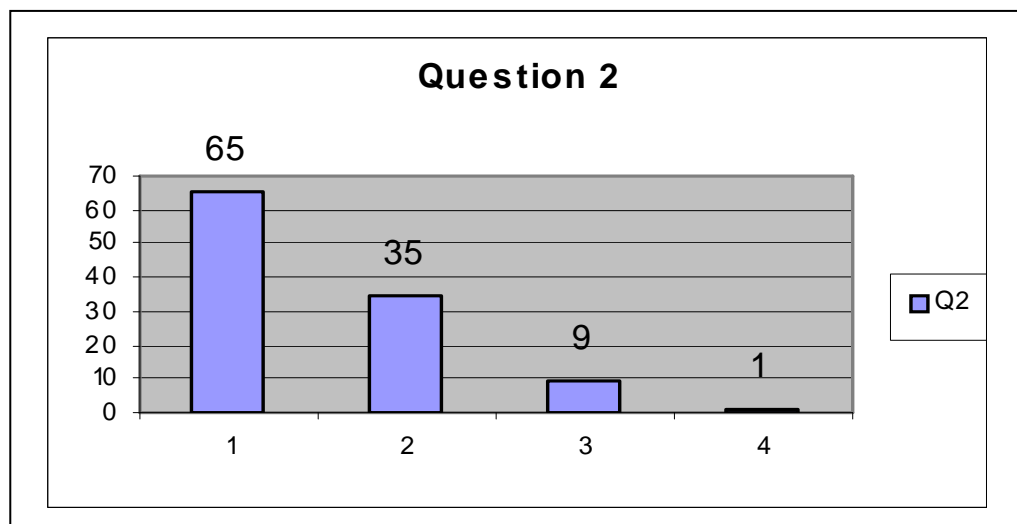

Parents were asked to grade responses according to the following scale:

1 = Excellent 5 = Poor

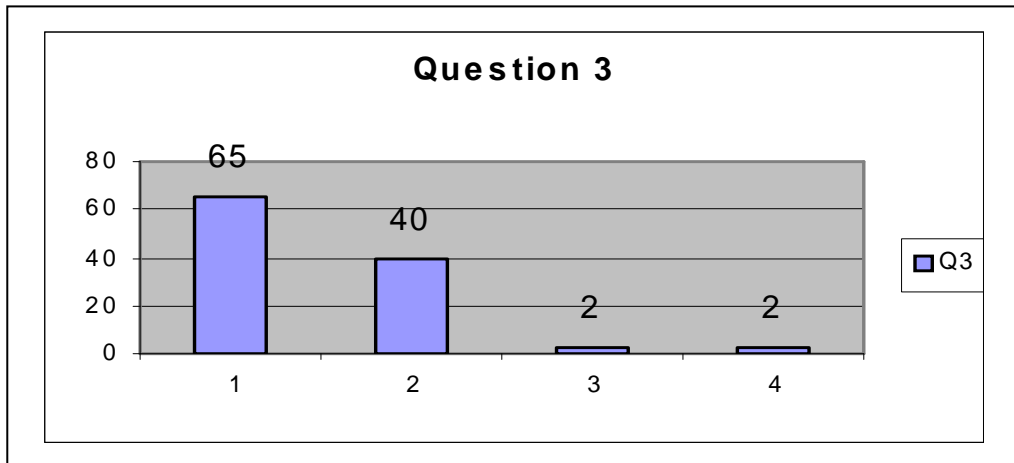

**Q1. How do you rate the progress that your child seems to be making since September?**

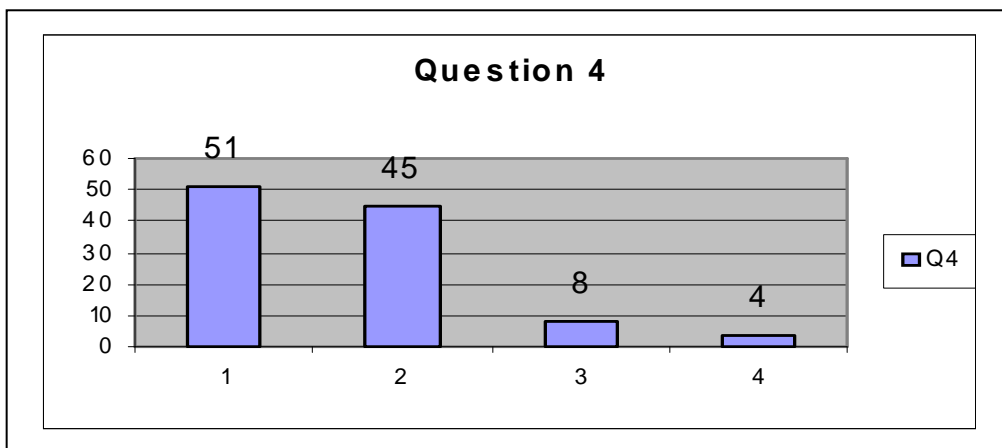

**Q2. How would you rate the presentation that he gave to you this evening?**

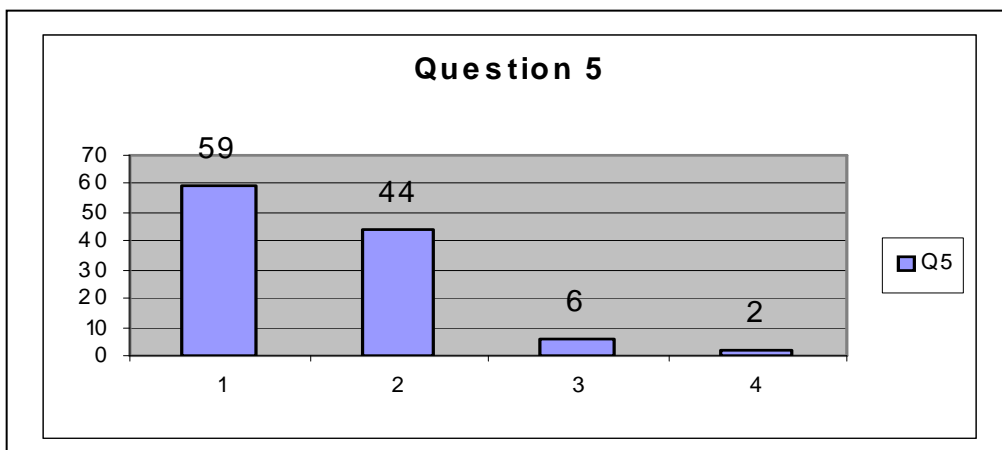

**Q3. How useful have you found the information that you received from your son and his form teacher this evening?**

**Q4. How useful have you found the information that you received from the school on arrival this evening?**

**Q5. How would you rate the evening in terms of making you feel better placed to help your son to make progress at Barry Comprehensive School?**

## **Any other Comments**

I would like to thank teachers concerned for dealing with my son's problems so quickly

Quite good. Told us what we needed to know

My son didn't explain very clear what he has learned and progressed in year 7. More homework would be helpful

I'm very happy with my son's progress

My son's reading has improved, and his behaviour. Needs help to improve presentation skills

Thank you, we are impressed

Keep up the good work. Thanks

My son is making excellent progress. I think he has really settled into Barry Comp. I would like to see his confidence grow a lot more

Excellent presentation, with a good knowledge in all subjects

It's my first visit, didn't have much to compare to but I got more information about his work tonight than any other which is great

I am very impressed with the friendliness of all staff, and really making parents feel welcome

Excellent, thank you

I would love him to be more confident (less um's and R's)

Found the evening very informative and happy at how much more confident my son has become

The presentation evening is a very good experience for both pupil and parent

Very pleased with my son's attitude since starting school

Very well presented. It is great to see my son settled and happy at school

Was more in depth than expected. Pleasantly surprised

I'm pleased my son's handwriting has improved

To my knowledge my son is doing well in most subjects, although he needs to listen to the teacher and maybe not his friends

Really good idea, a nice relaxing way to have a first parents evening and the kids are involved. I will leave feeling my son is getting on well at his new school

We are delighted with our son's progress and hope he will continue to achieve and develop new skills

Very good informative way of getting pupils to explain how they are getting on. Very enjoyable

School has changed over the years since I left which is for the better for my son

We will help our son with his homework as he finds it hard to ask for help  
Well presented evening

I've marked his progress at 2. He is doing very well and I'm proud. We need to make a bit more effort on homework and presentation skills

My son has settled well and his happy in his school day
