

HISTORY ENTRY LEVEL

For those who find the demands of GCSE too great an Entry Level course is also available. There is no final examination. Instead the course is assessed through a number of individual assignments and includes many of the topics covered at GCSE, such as:

- World Wars I and II
- Germany between Wars
- The USA in the 1920s
- The USA during the Depression

This can provide a very enjoyable choice for students in Years 10 and 11.
